HOW TO START

Ask Why? What? How? Where? When?

Why? As a church, study the Biblical
and scientific reasons and aspects of a
Whole Person Healing Ministry.

What? Do a Health Needs Survey of
church members and the target
geographical communities that you serve.

How? Educate and train a team of
workers for each area of ministry.

Where? Determine location for each
activity: in the Congregation, Wholistic
Healing Clinic, Community etc.

When? Identify times for activities.

*Have a Healing Ministry launch.
Start Small!*
